## A Message to CSEA Members

John Ford, JCEA President

My name is John Ford. I've been a teacher for \_\_\_\_\_ years and ....

Education support professionals are essential partners in providing great public schools. National ESP Day is a good time to celebrate the contributions ESPs make to our community every day.

Education support professionals are often the first people our school-children encounter on a daily basis. They are the people who drive our children to school, help them cross the street, provide them a nutritious meal, and keep their school buildings clean and safe. They provide essential support in the classroom for teachers like me.

ESPs are the unsung heroes of public education. I want to recognize you for your hard work and expertise. Thank you for all you do. We couldn't do it without you.
